Multi-Tech Engineering (UK) Ltd is a well-established engineering company based in Ferrybridge, Knottingley, West Yorkshire, which specialises in medium to heavy engineering.

Due to expansion, a vacancy exists for a **Mechanical Engineering Machinist – CNC Turner.**

Contract Hours: 39 hours per week, 8.00am to 4.30pm (3.30pm Friday).

Pay - Competitive rate of pay with some overtime and Private Medical Insurance.

The duties of the role:

To manufacture and refurbish components to drawings and specifications, working to a high standard of tolerance and within the company quality, health and safety, and work control procedures.

The successful candidate will have experience in a similar role and possess the following skills:

- High level of practical mechanical engineering knowledge.
- High level of engineering materials and material processing knowledge.
- Qualification and experience in the operation of manual and CNC lathes, milling machines, horizontal and vertical borers.
- Excellent mathematical skills.
- Demonstrated skills in record keeping.
- Effective oral and written communication
- Evidence of working to a high level of accuracy within low tolerances.

Candidates must hold an NVQ Level 3 qualification in Mechanical Engineering or a recognised Apprenticeship to be considered for this role.

Please send you CV and letter of application to Mrs Deborah Smith, dsmith@mteuk.com
